Research Scientist Position on Neuroscience of Decision Making

04/09/2017

Empleo

The Center for Adaptive Rationality at the Max Planck Institute for Human Development, Berlin, under the direction of Prof. Dr. Ralph Hertwig, seeks applicants (f/m) for the post of 1 Research Scientist (m/f) on Neuroscience of Decision-Making (E 13/14 TVöD; 39 hours/week)

We have an open Research Scientist position at the Center for Adaptive Rationality in the area of neuroscience of decision making.

Candidates (m/f) must have a PhD and there are no teaching requirements associated with the position. Expertise in cognitive neuroscience, neuroimaging, and neuroimaging analysis platforms, are necessary. Mastery of more advanced imaging analyses is recommended. Furthermore, we are particularly looking for someone with strong computational modeling skills.
